DISSERTATION REPORT

In-line with RGUHS university guidelines of Dissertation, total 30 projects had been completed for the academic year 2022-23. Following are the number students undergone & completed the projects of Pharm D, Pharm DP-PB, B.Pharm, M. Pharm of Pharmacology & M.Pharm of Pharmaceutics.

S.No	Programme	No. of Students undergone	No. of Students completed
1	Pharm D	17	17
2	Pharm D- PB	4	4
3	M.Pharm Pharmaceutics	5	5
4	M.Pharm Pharmacology	8	8
5	B.Pharm	60	60

The detail of the projects during the completed during academic year 2022-23 is as follows:

Programme	S.No	Name of Students	Project Title	Duration	Name of Supervisor
PHARM D	1	Rahul V, Sahana K, Shiva Kumar G, Sinchana DP	To evaluate the prescribing pattern according to ICMR 2018 guidelines and medication adherence in type 2 diabetes mellitus patients in tertiary care hospital.	2022-23	Dr. Sripriya. C
	2	Supraja R, Suraksha R Rai, Tharanishree K, Vishal, Sasi Kannan, Pratibha	Assessment of knowledge, attitude, practice and risk factors in patients with hernia attending tertiary care teaching hospital	2022-23	Dr. G Parthasarathy
	3	Ehtesham Ul Haq Qureshi, Manjunath T, Chaithra Shree, Chethan GK	Assessment of geriatric prescription using Stop/start criteria, a cross sectional observational study	2022-23	Dr. Sripriya. C
	4	Deepak Datta BR, Mathumitha Rajmoha, Premraj T, Ragavi V	Evaluation of quality of life, psychological impact and effect of patient counselling in patients with abnormal uterine bleeding in tertiary care hospital	2022-23	Dr. Jeena Susan Saji
	5	Bhuvaneshwari R, Bindu R, Christina James, Rajdeep	Assessment of self efficiency in pain intensity and quality of life in patients with rheumatoid arthritis	2022-23	Dr. Jenisha

Accredited by NAAC and International Accreditation Organization (IAO)

28	Rithik HR, Sagar M, Sanjay B, Shaik Baji, Sharath J	Exvivo pharmacological evaluation of anti-cataract in goat eye lens	2022-23	Dr. G Venkata karthik kumar reddy
29	Sheikh Muneeb UL Rahman, Sivaraj Kumar B, Sneha S, Soundarya TS, Sushmitha N	Exvivo pharmacological evaluation of anti-cataract potential of <i>Lemna minor</i> L. against glucose induced cataract in goat eye lens	2022-23	Dr. G Venkata karthik kumar reddy
30	Suvanjali Mishra, Tanushree M, Suman N, Kavya RS, Mudashira Pasha	Preparation and evaluation of ointment using mucilage extract of <i>Salvia hispanica</i> Linn.	2022-23	Dr. Padmaa M Paarakh

Outcomes: Students could concentrate on the creation of techniques and approaches for disseminating knowledge in various ways. A major focus of the study agenda is teaching students how to make decisions that align with their personal preferences. Additionally, it aids in the students' comprehension of the modifications brought about by the actions conducted during the investigation.

6. Discussion on faculty grants and publications.
7. Discussion on upcoming IAEC meeting

Committee members presented.

S.No	Name of Members	Designation	Signature
1	Dr. Padmaa. M.Paarakh	Chairman R&D	P. Padmaa
2	Dr. Gururaj. S. Kulkarni	Dean R&D	G. S. Kulkarni
3	Dr. G. Parthasarathy	Member	G. Parthasarathy
4	Dr. Jyoti Shrivastava	Member	J. Shrivastava
5	Dr. Noopur Srivastava	Member	N. Srivastava

The meeting of the R&D Committee of the Oxford college of pharmacy convened for the academic year 2022-2023 session at precisely 1:00 PM under the chairmanship of Dr. Padmaa M. Paarakh. Initially the chairperson welcomed all the members and then the meeting began by taking the agenda.

Agenda 1: Review of Agenda of previous MOM and Action taken report

- The Dean R&D of TOCP has presented the action taken report of the Research Committee to the committee members. The committee members suggested completing all ongoing activities within the defined timelines.

Resolution

The committee members approved the MOM and action taken report of the previous R&D minutes.

Agenda 2: General Review and Instructions for Research Activity

- The Dean of R&D has requested that HODs and faculty members to publish one research article per semester and organize ICMR, RGUHS-funded conferences, workshops, and training programs.
- Faculty members have welcomed proposals for research and development activities, and university and institution guidelines have been circulated for reference.

Resolution

A resolution was passed to develop university and institution guidelines for research activities to ensure clarity, standardization, and accessibility.

Agenda 3: Approval for Scrutiny committee and plagiarism committee to be formed

- During the meeting, the chairperson proposed the formation of two committees, namely the Scrutiny Committee and the Plagiarism Committee, to ensure that the university and institution guidelines are being followed appropriately and to maintain the quality and integrity of academic research work.

Resolution

To ensure the quality of research and maintain the organization's integrity, it was unanimously agreed upon during the meeting that the two committees be formed. The members of the committees will be selected based on their expertise and experience in their respective fields.

Agenda 4: Approval for UG, PG, and Pharm D research projects to be conducted.

- The committee members thoroughly discussed and evaluated the proposed research projects based on feasibility, relevance, potential impact, legal and ethical considerations.

Resolution

The R&D committee approved the proposed research projects with some modifications. They emphasized strict adherence to university and institutional ethical guidelines and regulations throughout the research process.

Agenda 5: Discussion on seminar conducted and planning of upcoming conference.

- The agenda for this meeting was to review the one completed seminar from pharmaceuticals department.
- The R&D members discussed the importance of organizing conferences in each department for the academic year. They emphasized that such conferences would provide a platform for the faculty members to showcase their research and exchange ideas with their peers. The meetings would also enhance the knowledge and skills of the faculty members and help them stay updated with the latest advancements in their respective fields.
- The R&D members discussed conducting at least one conference and workshop in each department for the academic year. They emphasized the importance of these programs in enhancing the knowledge and skills of the faculty members.

Resolution

The team finalized the agenda, created content for interactive sessions, and identified trainers. The Seminar would focus on technology in teaching, research methodologies, and classroom management. The conference would be a platform for the faculty members to present their research papers and exchange ideas.

Agenda 6: Discussion on faculty grants submission and publications.

- The R&D committee discussed grant submission, publication criteria, and dissemination of research findings.

Resolution

The R&D committee members resolved to follow the university and institutional guidelines, establish a transparent grant submission process, set a timeline for publication, and encourage dissemination.

Agenda 7: Discussion on upcoming IAEC meeting

The meeting was called to discuss the upcoming IAEC meeting and its agenda. The team members discussed various topics that needed to be covered during the meeting, including approving new projects, reviewing completed projects, and other items.

Resolution

After a thorough discussion, the team agreed to prioritize the following topics during the upcoming IAEC meeting:

- 1. Review and approval of new project proposals*
- 2. Review of ongoing projects and their progress*

The committee members also decided to have a review meeting scheduled every quarter of the academic year, and finally the Dean R&D proposed a vote of thanks.

Dean R&D

Chairman R&D

ACTION TAKEN REPORT-2022-23

S. No	Resolution	Action Taken	Status
1	The committee members approved the MOM and action taken report of the previous R&D minutes.	The approved MOM and action taken report will be recorded and distributed among the relevant stakeholders for their reference and implementation.	The committee members have approved the MOM and action taken report, which will be implemented accordingly.
2	A resolution was passed to develop university and institution guidelines for research activities to ensure clarity, standardization, and accessibility.	The faculty members were encouraged to submit research proposals and organize conferences, workshops, and training programs. The department-wise faculty members responded positively to the call for proposals.	The faculty members have taken up the challenge and submitted proposals for research and development activities. With the implementation of the university and institution guidelines and the positive response from the faculty members, the institution is expected to see an increase in research output and participation in conferences and workshops.
3	To ensure the quality of research and maintain the organization's integrity, it was unanimously agreed upon during the meeting that the two committees be formed. The members of the committees will be selected based on their expertise and experience in their respective fields.	The committees have been formed, their respective members have been nominated, and they have started their work to ensure the quality and integrity of academic work produced.	The committees closely monitor the academic research work produced, and regular meetings are held to review their progress, address any issues that arise, and ensure that university and institution guidelines and academic standards are maintained.
4	The committee approved the proposed research projects with some modifications. They emphasized strict adherence to ethical guidelines and regulations throughout the research process.	Students were informed of suggested modifications and given necessary guidelines and regulations. They were given a timeline for completion and asked to update the	All UG, PG, and Pharm D research projects have been approved, and researchers are working on them. The committee monitors the progress and is confident that the projects will yield positive results within the timeline.

		committee regularly on progress.	
5	The team finalized the agenda, created content for interactive sessions, and identified trainers The Seminar would focus on technology in teaching, research methodologies, and classroom management. The conference would be a platform for the faculty members to present their research papers and exchange ideas.	The organizing committee was formed, and they identified the resource persons for the FDPs, finalized the dates and venues, and brochure to be sent to different colleges.	The committee has finalized the speakers and topics for the first conference. They have also identified the venue for the events and are in the process of completing the dates. The committee is confident that they will be able to organize the events within the allotted budget and provide a valuable learning experience for all participants.
6	The team discussed grant submission, publication criteria, and dissemination of research findings.	The committee created a team, set a publication timeline, and provided training for research dissemination.	The grant process is transparent, the publication timeline is set, and faculty members are encouraged to disseminate their research.
7	After a thorough discussion, the team agreed to prioritize the following topics during the upcoming IAEC meeting: 1. Review and approval of new project proposals 2. Review of ongoing projects and their progress	The committee completed risk assessments and provided feedback to researchers. Researchers were asked to revise proposals for compliance. The committee will reconvene in two weeks to review the revised proposals and provide final approval for ethical projects.	The committee is on track to review and approve ethical projects in two weeks, ensuring compliance with ethical guidelines and regulations.

SCRUTINY COMMITTEE ANNOUNCEMENT

The formation of a scrutiny committee by the R&D committee at the Oxford College of Pharmacy aims to guide faculty and students on institution and university ethics, funding, and research project management. This support system intends to foster a research culture of innovation and excellence while conforming to ethical practices.

The members of the scrutiny committee have been duly appointed and are as follows:

S. No	Name	Designation	Signature
1	Dr. Padmaa. M.Paarakh	Chairman	P. Padma
2	Dr. Parthasarathy G	Member	Parthasarathy G
3	Dr. Nagalakshmi G	Member	G
4	Mrs. Uma Prabha	Member	Uma Prabha
5	Mrs. Divya S Kumar	Member	Divya S

Roles & Responsibilities

1. The role of a scrutiny committee in academic research is to scrutinize and examine research proposals in detail and bring up concrete issues for consideration. Sometimes, the central committee may appoint a sub-committee for such scrutiny and report on the issues involved.
2. The primary purpose of the scrutiny committee is to provide academic oversight and scrutinize the academic board and the senior faculty team for the quality and enhancement of the educational experience and student outcomes.
3. The committee is responsible for periodically monitoring and reviewing the institute's and university's guidelines for academic research and workshop progress.
4. The committee suggests remedial measures wherever necessary.

Dean R&D

Chairman R&D

PLAGIARISM COMMITTEE ANNOUNCEMENT

The Oxford College of Pharmacy's R&D committee has recently established a Plagiarism Committee to foster ethical and transparent research practices based on institutional and university guidelines. The members of the Plagiarism Committee have been officially announced and appointed.

S.No	Name	Designation	Signature
1	Dr. Padmaa. M.Paarakh	Chairman	P. Padma
2	Dr. S. Jyoti Shrivastava	Member	Jyoti
3	Mrs. Surinder Kaur	Member	Surinder
4	Dr. Vikram T	Member	Vikram
5	Mrs. Suvarna Lakshmi	Member	G. Suvarna

The role and responsibilities of a scrutiny committee are as follows:

- 1. Scrutinizing research work:** The primary responsibility of the scrutiny committee is to scrutinize research work to identify any irregularities or deviations from the established guidelines.
- 2. Ensuring adherence to guidelines:** The committee is responsible for ensuring the research work adheres to institutional and university guidelines.
- 3. Identifying plagiarism:** The committee is responsible for identifying any cases of plagiarism in the research work and taking appropriate action to address the issue.
- 4. Ensuring ethical research practices:** The committee promotes ethical research practices and ensures that the research work is conducted transparently and ethically.
- 5. Reporting irregularities:** The committee is responsible for reporting any irregularities or violations of guidelines to the appropriate authorities and taking appropriate action to address the issue.
- 6. Maintaining confidentiality:** The committee is responsible for maintaining the confidentiality of the research work and ensuring that the research work is not shared with unauthorized individuals.

7. **Providing guidance and support:** The committee is responsible for advising and supporting researchers to help them conduct their research transparently and ethically.

They play a vital role in maintaining the institution's and university's credibility in academic research by upholding research ethics and ensuring that scholarly work is conducted with integrity and honesty.
