### RESULT ANALYSIS

After the first sessional result declaration the students were grouped as slow/neutral/advanced learners. The basis of selection of slow/neutral/advanced learners are based on the marks obtained by the students in the first sessional.

The students were identified as low performers and advanced learners based on the following criteria

1. Marks obtained in first sessional (<50 %-slow learners; >50%-<80%-neutral learners; >80%-advanced learners)

#### **I SEMESTER B PHARM**

##### **1. Pharmaceutics**

10 slow learners were identified during I sessional examination, after remedial classes 3 students are turned to neutral learners.

##### **2. Pharmaceutical Inorganic Chemistry**

14 slow learners are identified during I sessional examination, after remedial classes 1 student turned into advanced learner and 2 students are turned to neutral learners.

##### **3. Pharmaceutical Analysis**

14 slow learners were identified during I sessional examination, after remedial classes 5 students are turned to neutral learners.

##### **4. Human Anatomy and Physiology**

20 slow learners were identified during I sessional examination, after remedial classes 8 students are turned to neutral learners and 1 student turned into Advanced learners.

#### **II SEMESTER B PHARM**

##### **1. Pharmaceutical organic Chemistry-I**

21 slow learners were identified during I sessional examination, after remedial classes 9 students are turned to neutral learners.

##### **2. Biochemistry**

14 slow learners were identified during I sessional examination, after remedial classes 3 students are turned to neutral learners and 2 students turned into Advanced learners.

##### **3. Pathophysiology**

# The Oxford College of Pharmacy

(Recognised by the Govt. of Karnataka, Affiliated to Rajiv Gandhi University of Health Sciences, Karnataka;  
Approved by Pharmacy Council of India, New Delhi)

Accredited by NAAC and International Accreditation Organization (IAO)

15 slow learners were identified during I sessional examination, after remedial classes 2 students are turned to neutral learners.

## 4. Human anatomy and Physiology-II

17 slow learners were identified during I sessional examination, after remedial classes 5 students are turned to neutral learners and 1 student turned into Advanced learners.

## III SEMESTER B. PHARM

### 1. Physical Pharmaceutics-I

1 slow learner has been identified during I sessional examination, after remedial classes 1 student turned to advanced learner.

### 2. Pharmaceutical organic chemistry-II

4 slow learners have been identified during I sessional examination, after remedial classes 2 students turned to advanced learner.

### 3. Pharmaceutical Engineering

6 slow learners were identified during I sessional examination, after remedial classes 4 students are turned to neutral learners and 2 student turned into Advanced learners.

## IV SEMESTER B PHARM

### 1. Pharmaceutical organic chemistry-III

8 slow learners were identified during I sessional examination, after remedial classes 3 students are turned to neutral learners.

### 2. Medicinal Chemistry-I

10 slow learners were identified during I sessional examination, after remedial classes 3 students are turned to neutral learners and 2 student turned into Advanced learners.

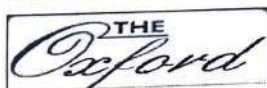

### 3. Pharmacognosy-I

7 slow learners were identified during I sessional examination, after remedial classes 3 students are turned to neutral learners and 1 student turned into Advanced learners.

## V SEMESTER B PHARM

### 1. Pharmacology-II

29 slow learners were identified during I sessional examination, after remedial classes 5 students are turned to neutral learners and 21 student turned into Advanced learners.

### 2. Pharmaceutical Jurisprudence

8 slow learners were identified during I sessional examination, after remedial classes 4 students are turned to neutral learners and 4 student turned into Advanced learners.

### 3. Medicinal chemistry -II

8 slow learners were identified during I sessional examination, after remedial classes 2 students are turned to neutral learners.

### 4. Pharmacognosy-II

26 slow learners were identified during I sessional examination, after remedial classes 3 students are turned to neutral learners and 5 students turned into Advanced learners.

### 5. Industrial Pharmacy-I

9 slow learners were identified during I sessional examination, after remedial classes 6 students are turned to neutral learners and 2 student turned into Advanced learners.

## VI SEMESTER B. PHARM

### 1. Medicinal Chemistry-III

8 slow learners were identified during I sessional examination, after remedial classes 2 students are turned to neutral learners.

### 2. Pharmacology-III

8 slow learners were identified during I sessional examination, after remedial classes 1 student is turned to neutral learners and 3 student turned into Advanced learners.

### 3. Herbal Drug Technology

8 slow learners were identified during I sessional examination, after remedial classes 3 students are turned to neutral learners.

### 4. Biopharmaceutics and Pharmacokinetics

22 slow learners were identified during I sessional examination, after remedial classes 9 students are turned to neutral learners and 1 student turned into Advanced learners.

### 5. Pharmaceutical Biotechnology

6 slow learners were identified during I sessional examination, after remedial classes 3 students are turned to neutral learners and 2 student turned into Advanced learners.

### 6. Pharmaceutical Quality Assurance

Accredited by NAAC and International Accreditation Organization (IAO)

4 slow learners were identified during I sessional examination, after remedial classes 2 students are turned to neutral learners.

### VII SEMESTER BPHARM

#### 1. Instrumental Methods of analysis

3 slow learners were identified during I sessional examination, after remedial classes 3 students are turned to neutral learners.

#### 2. Novel Drug Delivery System

2 slow learners were identified during I sessional examination, after remedial classes 2 students are turned to neutral learners.

### VIII SEMESTER B PHARM

#### 1. Biostatistics and Research Methodology

1 slow learner were identified during I sessional examination, after remedial classes 1 student is turned into Advanced learners.

No.6/9, 1<sup>st</sup> Cross, Begur Road, Hongasandra, Bengaluru -560 068

## I PHARM D

### 1. Pharmaceutics

1 slow learner were identified during I sessional examination, after remedial classes 1 student is turned into Advanced learners.

### 2. Pharmaceutical Organic Chemistry

3 slow learners were identified during I sessional examination, after remedial classes 1 student turned into Advanced learners.

### 3. Pharmaceutical Inorganic Chemistry

2 slow learners were identified during I sessional examination, after remedial classes 2 students are turned to neutral learners.

## II PHARM D

### 1. Pathophysiology

1 slow learner were identified during I sessional examination, after remedial classes 1 student is turned to neutral learners.

### 2. Pharmaceutical Microbiology

6 slow learners were identified during I sessional examination, after remedial classes 1 student is turned to neutral learners and 4 students turned into Advanced learners.

## III PHARM D

### 1. Pharmacology-II

2 slow learners were identified during I sessional examination, after remedial classes 1 student is turned to neutral learners and 2 students turned into Advanced learners.

### 2. Medicinal Chemistry

3 slow learners were identified during I sessional examination, after remedial classes 3 students turned into Advanced learners.

## IV PHARM D

### 1. Biostatistics and Research Methodology

3 slow learners were identified during I sessional examination, after remedial classes 3 students turned into Advanced learners.
