Teachers use ICT enabled tools for effective teaching-learning process.

The Oxford College of Pharmacy follows the regular traditional classroom education system by using the board and/or chalk along with the ICT-enabled teaching method. In today's scenario the ICT-enabled teaching method is helping students to learn and understand subjects easily, because of this the subsequent efforts are taken by the college to provide an e-learning atmosphere in the classroom:

1. In addition to the chalk-and-talk method of teaching, the faculty members are using IT-enabled learning tools such as PPT, Video clippings, Audio systems, and online sources, to expose the students to advanced knowledge and practical learning.
2. Classrooms are furnished with LCD/OHP/Computers.
3. Most of the faculty use interactive methods for teaching.

The major emphasis is on classroom interaction in terms of subjects, research and review paper presentations, seminars, debates, etc. List of ICT facilities available in the institution. ICT tools and resources available Number of ICT-enabled classrooms Number of smart classrooms E-resources and techniques used LCD, OHIP, e-Books, e-Journals, internet, experimental Software, videos. 121 e-Books, e-Journals, videos, educational CDs, CDs on animal experiments. Software, online class platforms (MS Team) etc.

List of ICT facilities available in the institution:

ICT tools and resources available	Number of ICT-enabled classrooms	Number of smart classrooms	E-resources and techniques used
LCD, OHP, e-Books, e-Journals, internet experimental software videos.	12	1	e-Books, e-Journals, videos, educational CDs, and CDs on animal experiments. Software, online class platforms (MS Team).
