## PREAMBLE:

The Oxford College of Pharmacy, Bengaluru, IIC, organized "WORLD ENVIRONMENT DAY 2023" with an aim to raise an awareness program to educate our students about the protection and preservation of the environment. The program was conducted on June 5<sup>th</sup> 2023

The history of world environment day can be tracked back to 1972 when the United Nations Conference on the Human Environment was held in Stockholm, Sweden. As a result of this conference, the United Nations Environment Programme (UNEP) was established on June 15, 1972. The UNEP proposed a special day for the environment. In 1972, the UN General Assembly designated June 5 as World Environment Day (WED). The first World Environment Day was observed on June 5, 1973, with the slogan "Only One Earth." World Environment Day 2023 marks the completions of 50 years of its establishment. This year, the theme of the WED 2023 is "#Beat Plastic Pollution." The environment has suffered a lot due to industrialization. World Environment Day encourages people to adopt eco-friendly practices to have a greener and clear environment and then focused on solutions to plastic pollution under the campaign.

The condition of our environment is getting declined day by day because of the pollution and global warming. We should celebrate and promote eco-friendly development in our country in order to save the environment for better future.

## THE AWARENESS PROGRAM DELIVERED AS FOLLOWS:

The program was started with a welcome note by Mrs. Vishnupriya S, Program organizer followed by the inaugural address from Dr Padmaa M Paarakh, Principal, The Oxford College of pharmacy.

It is a day that reminds everyone on the planet to get involved in environment friendly activities. Keeping this aim in view, The Oxford College of Pharmacy celebrated World Environment Day on 5<sup>th</sup> June 2023. Students of various branches from department participated and celebrated world environmental day enthusiastically. All the students were asked to plant a sapling to create a green corner around the college campus and their home gardens, as well as all the teachers also helped the students in planting. A lot of enthusiasm was seen in the students. After the plantation program the students assembled in 506 room, our Principal Dr Padmaa M Paarakh, gave a very good and well-researched

speech about how the condition of our environment today is and why we need to be aware. She also told us what steps we should take immediately so that we can make our environment healthy. At the end, she took a promise from all the students that no one will pollute the environment and will not allow anyone to do so and the event was conducted successfully with whole hearted participation and awareness about green environment.

The organizer Mrs. Vishnupriya S concluded the program with vote of thanks. She thanked chairman Shri S. N. V. L Narasimha Raju, The Oxford Group of Institutions, Dr. Padmaa M Paarakh, Principal, The Oxford College of Pharmacy, Dr Jyoti Srivastava, HOD, Department of Pharmaceutical Chemistry for organizing such an event and to all the other faculties and students who participated in the event and helped in its successful completion of the event.

No of participants: 50 participants

## OUTCOME OF THE PROGRAMME

The program successfully reached the individuals and significantly increased the awareness about the environmental related issues. The attendees gained knowledge about how the natural world works, how humans interact with environment and to find the ways to deal with environmental problems and live more sustainably. To build on this success, it is important to every individual to save and protect our environment to grow in the upcoming decades. After creating the awareness, the planting was done in college surrounding areas. Further this practice of planting was followed by students in their homes and nearby neighbourhood.
