Message from Executive Director

It is indeed a matter of pleasure and pride that The Oxford College of Engineering is bringing out the newsletter. It contains immensely useful material to project and showcase the multifarious activities of the college in pursuit of achieving the excellence in technical education and fulfillment of mission.

Sri. S N V L NARASIMHA RAJU
EXECUTIVE DIRECTOR
THE OXFORD INSTITUTIONS

Message from Principal

The even semester has passed. As usual it has been a very hectic term. At the outset I congratulate all the Rank Holders for the Academic year 2011-12. They have carried forward this proud tradition of our college getting listed amongst the elite group of colleges under VTU. Also I wish to share this proud moment wherein a very reputed Magazine, ‘Business Chronicle’ rated your college with A+ grade amongst the 110 participating colleges in the state of Karnataka. Our college women team bagged the ‘Winners Trophy’ in the VTU Annual Single Zone sports meet. I congratulate all the team members and Physical Education Department for achieving this glorious feat.

In October this year, Departments of ECE and Computer Applications are jointly organizing an IEEE International Conference C2SPCA-13 in association with Oklahoma State University. The conference is cosponsored by IEEE COMSOC, Photonics Society, VTU, NRB-DRDO, IETE and CSI. The conference has received overwhelming response from throughout the world with more than 390 paper submissions. I wish the organizers all success in organizing this conference. We will be noticing the dawn of a new academic year very soon, wherein we will be welcoming the new batch of 2013 and simultaneously bidding farewell to the passing out batch. I wish all of you a very Bright Future and Success in all your Endeavours.

VTU Intercollegiate Single Zone Kho-Kho Championship was organized for the Academic year 2012-13 at Acharya Institute of Technology on 09.04.2013. The Oxford College of Engg. Womens’ team defeated Acharya Institute of Technology in straight sets. Womens’ kho-kho team at The Oxford College of Engg. has been excelling year after year. Last year they were runners up in the same tournament.
